*Kneady Body & Feet Wellness and Massage Center is a Wellness Co-Op located in Bellevue, WA. All practitioners enjoy the peace of mind of being able to run their unique private practices at their rates on their own ever-changing schedule, without a boss and in a fully furnished space. Because this four-treatment room facility uses an online booking system, each practitioner has 24/7 access to the entire space equipped with laundry, bathroom, kitchen, office and lotion supplies, linens and equipment.*

*The generous fee structure allows an independent practitioner to charge what he/she likes and take home 70-80% of his/her gross earnings. At a rental rate of \$22/client (that's not per hour), they charge a minimum of \$225/month for access to the space to see as little as one client/month. And with a maximum rent ceiling of \$600, an independent practitioner is able to grow a practice to full time status without anxiety of inflating and unfair owner-profit.*

*All members of the center pay a one-time fee of \$164 and are provided web site presence, online booking access, a door nameplate, business cards to use as they like, are permitted to market their own brand identity, operate as little or as much as they like, refer within and out and collect center-referred clients for their own - there is no better place to start and operate a private practice - part time or full time - Kneady Body would love to meet you! Please call 206-650-0757 to set up a walk through. A security deposit of \$450 is collected and is fully refundable as outlined in our co-op membership agreement.*

**Kneady Body & Feet Massage and Wellness Center Provides a Professional Atmosphere for Receiving Advanced Bodywork Techniques from Highly Skilled and Experienced Therapists.**

You set your own fees and schedule.
